## Company Overview

01

First Guard Security Services is a leading Saudi company specializing in providing integrated security solutions that combine professionalism, speed, and modern technology. We are a Saudi limited liability company, officially licensed by the Ministry of Interior and the General Security Directorate. We operate in all regions of the Kingdom of Saudi Arabia, offering our services to both government and private sectors.

02

First Guard was founded with a clear vision: for security to be more than just a service, but a complete experience that starts with understanding the client's needs and ends with peace of mind. From our main operations headquarters in Riyadh, which operates 24/7, we cover multiple projects across the Kingdom. We rely on a flexible operational structure, trained human resources, and an advanced technological system that ensures the highest levels of efficiency and readiness.

03

What distinguishes us is not only the diversity of our services but also our ability to deploy quickly, respond instantly, and monitor sites precisely. We submit daily reports and pay great attention to client feedback and opinions. We use the latest security scanning mechanisms and apply technology at every site we serve to ensure that protection is effective, smart, and customized for each project.

04

At First Guard, we don't just provide security guards; we create integrated solutions that include training, protocol services, technical support, event organization, and equipment provision, to be the trusted security partner for everyone.

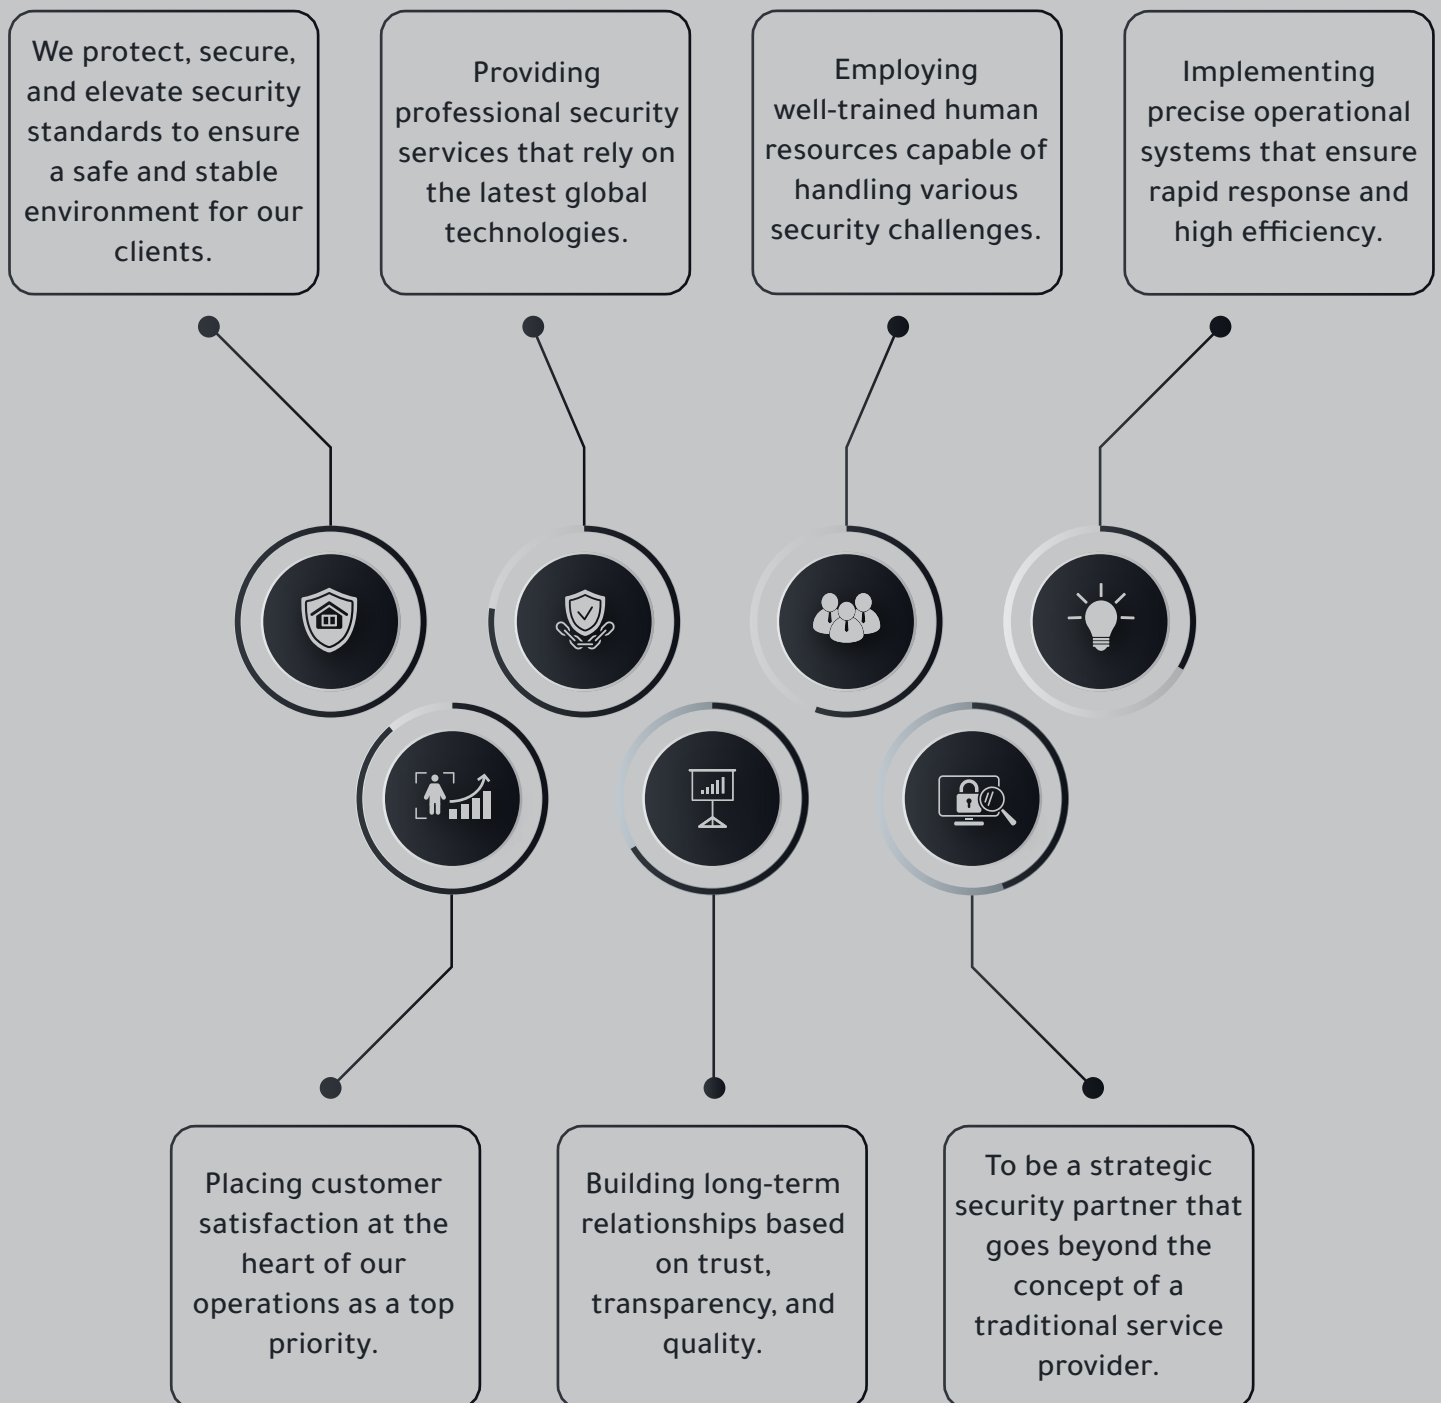

## Our Vision

Our vision is not just a written ambition, but a daily commitment that we translate into tangible reality in every service we provide. We build trust through a meticulous blend of human expertise and advanced technologies, ensuring that security remains a steadfast value in the lives of our clients.

## Our Mission

Our mission is a promise we commit to fulfilling every day and at every site, placing our clients' safety above all else. With First Guard, we don't just provide security services, we create peace of mind that lasts.

### 8- Security Consulting and Surveys

This is a specialized service that aims to assess and analyze the security situation of facilities and institutions and provide solutions and recommendations for improvement.

**This service can be summarized in the following points:**

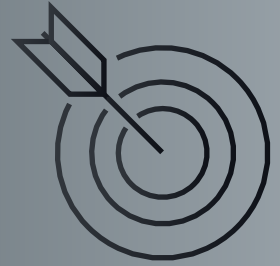

#### Security Consulting

- 01 Risk Assessment: Identifying potential security risks that the facility may face (such as theft, vandalism, fires, natural disasters).
- 02 Developing Security Plans: Designing integrated security plans that suit the nature and activity of the facility, including emergency and crisis management plans.
- 03 Analyzing Security Gaps: Identifying weaknesses in the facility's current security systems and proposing solutions to address them.
- 04 Recommendations: Providing recommendations on best practices and security technologies to be implemented, such as CCTV systems, alarm systems, access control, and security lighting.
- 05 Training: Offering training programs for facility employees on how to handle emergency security situations.

#### Security Survey

- 01 Physical Site Survey: Inspecting all parts of the facility (entrances, exits, fences, windows, doors, sensitive areas) to determine their vulnerability to penetration.
- 02 Evaluating Current Systems: Examining existing security and surveillance systems to ensure their effectiveness.
- 03 Analyzing the Flow of People and Vehicles: Studying how individuals and vehicles move within the facility to identify any points that may pose a security risk.
- 04 Technological Survey: Examining networks and information systems to identify vulnerabilities that could lead to electronic breaches.
- 05 Preparing a Detailed Report: After completing the survey, a comprehensive report is prepared that outlines the strengths and weaknesses of the current security system and provides proposed solutions for improvement.

## Our Goals

We do not just aim to protect; we aspire to lead. At First Guard Security Services, we believe that true security begins with a clear vision and strategic goals that seek continuous excellence and development. We aim to achieve the highest quality standards and advance the security industry in the Kingdom, so that our services reflect the trust of our clients and our national ambition.

### Our goals include:

## Our Team

Behind every successful security service stands an unbeatable team. At First Guard Security Services, we realize that people are the cornerstone of the security system. Therefore, we build our teams with great care, select our individuals according to strict standards, and hone their skills through advanced training programs, so they are ready to face every challenge with confidence and efficiency.

# Our Team

## First - Personnel Selection

Our recruitment process is not just about filling vacancies, but a careful selection of the most qualified candidates.

Candidates are selected according to the following conditions:

- 01 A suitable academic qualification to ensure the ability to understand and apply.
- 02 An age between 21 and 35 years to ensure physical and mental readiness.
- 03 Passing a fingerprint check to ensure the applicant has no prior criminal record.
- 04 Passing a full medical examination (including a drug test).
- 05 Passing the training period specific to First Guard company.
- 06 Training individuals at the client's site to ensure full adaptation.
- 07 The client has the right to interview and select Category (A) individuals to ensure full compatibility.

## Second - Training and Qualification

We don't just select; we invest in the development of every individual.

Our training department qualifies candidates through comprehensive programs that include:

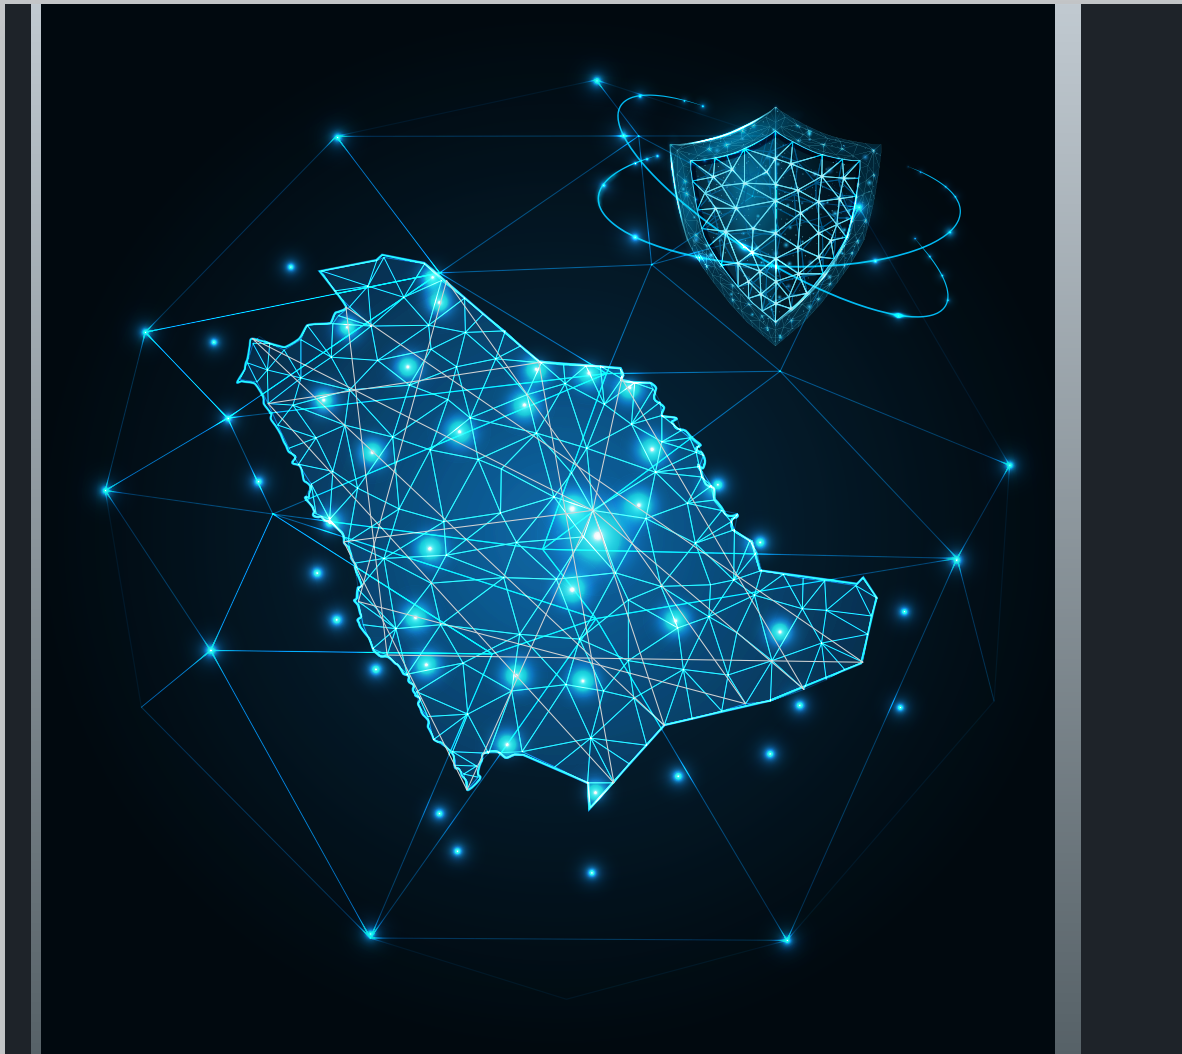

- 01 Fundamentals of security guarding and security awareness.
- 02 Effective communication skills.
- 03 Writing accurate and professional security and technical reports.
- 04 Basic English to facilitate communication.
- 05 First aid and evacuation in emergency situations.
- 06 Using safety tools and detection devices.
- 07 They are also trained within the client's site to ensure an understanding of the operational environment and proper handling of real-life situations, which enhances their readiness and gives them confidence in performing their duties.

## Our Team

### Third - Operations Management

Each client has a dedicated operations center linked to our main center in Riyadh, which operates 24/7. It ensures full coordination and provides fixed relief personnel for every six security guards to cover vacations without any service disruption.

At First Guard, we don't just hire security guards. We create a trained, committed, and qualified security elite to be the first line of defense at every site we serve.

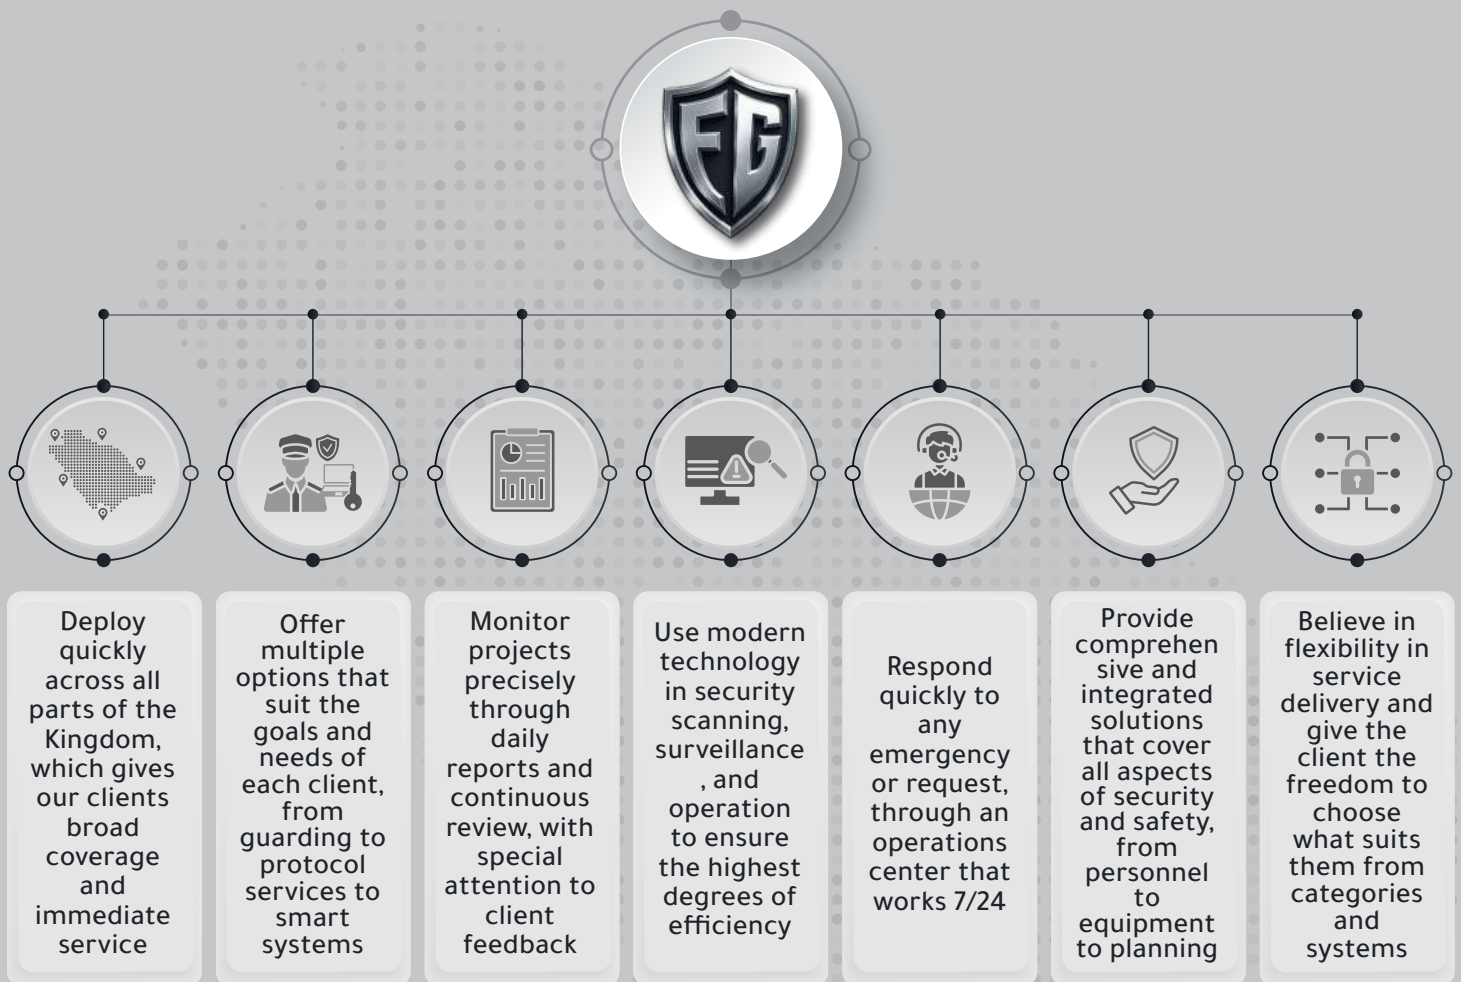

## Our Advantages
